GvH GvL 2024
16th International Symposium
March 13th-15th, 2024
University Hospital Regensburg

Dear friends and colleagues,

After years of virtual meetings and restrictions it is our great pleasure to announce the next on site GvH GvL Meeting 2024, which will be held from March 13th-15th, 2024 at the University Hospital Regensburg. We are looking forward to 3 days of extensive exchange and discussion between international speakers, chairs, and discussants on GvH/GvL and CAR-T cell therapies, and we cordially invite you to join us in March 2024. Registration and detailed information will be open in September 2023, for further information please contact our website
